

INTERNATIONAL GENERAL CERTIFICATE – NEBOSH (IGC NEBOSH)

Nebosh IGC Course Overview

The NEBOSH International Certificate provides organizations with a global presence seeking to adopt an internationally recognized health and safety training programme. It is a unique international health & safety standard award. It has the same format & content as the National Certificate but focuses on internationally recognised health & safety standards and priorities (ILO/18001) and best practices in controlling hazards.

Learning Outcome of Nebosh IGC Training Course

- Understand best practice standards through HSG65, 18001, moral & economic requirements and implications for good standards in safety & health within an organisation
- Develop, promote & communicate an effective health and safety culture in an organisation
- Identify the key features of a health & safety policy, the preparations & performance review of a health & safety audit
- Understand the importance of proactive and reactive health and safety monitoring measures
- Identify hazards in the workplace & carry out risk assessments, record findings & review procedures
- Advise on strategies for controlling hazards, reducing risks & applying safe systems of work
- Identify fire hazards & consequential risks, advise on measures to minimize fire risks & develop fire procedures
- Identify ill health effects of physical processes of work & the environment & recommend suitable measures to combat risks
- Explain the processes & procedures for investigating & reporting accidents at work

Who the Nebosh IGC course is for?

The NEBOSH International General Certificate has been designed for safety professionals, managers, supervisors who are responsible for health and safety at their workplace and wants a basic knowledge and understanding of the principles and practices of health and safety.

Duration of Nebosh IGC Training Courses

4 days for the block release at hotel (September 1-4 2013). Blended e-learning (for 8 weeks learning online/through email) then 1 day final examination at hotel (November 3rd, 2013)

Examination for Nebosh IGC Certification

The examination consists of two theory papers IGC-1 and IGC 2 of each 2 hrs and followed by a practical assessment. Each written paper consists of one 'long-answer' question and ten 'short-answer' questions. All questions are compulsory.

NEBOSH Certification

On successful completion of theory and practical examinations candidate will receive international general certificate from NEBOSH.

Acceptance of Nebosh International General Certificate

This is one of the most highly demanded entry level qualification for safety professional in UK & Europe and Middle-East. This for those who are seeking a new career in health and safety and those in the profession who wants to top up with internationally recognized certification to enhance their employability in MNC.

In recent years, Indian companies have been asking this qualification in addition to qualification recognized under the Factories Act and Rules because of their global presence and joint venture with foreign companies.

Professional Membership

The International General Certificate (IGC) qualification meets the academic requirements for Technician Membership (Tech IOSH) of Institution of Occupational Safety and Health (IOSH) and Associate Membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM).
